[REDACTED] I called Skip Endres, House Judiciary Subcommittee on Immigration and Naturalization, last Friday and discussed the status of the Subcommittee's investigation. I made clear that we are still holding the notes taken by Peter Regis, of the Subcommittee staff, when he was at Headquarters a few weeks ago and reviewed CIA documents which you had prepared for him and emphasized the notes were extensive and classified. I further made clear that additional material is available for Regis' review whenever his schedule permits him to come out. Endres gave no indication as to when and if Regis would resume his review. Rather, he inquired as to the status of the review of Agency summaries by the investigative team from GAO. I told him that this review was going along very well and should be completed in about one month. Endres seemed pleased and made no further comment.
